

## Back Drawing

This game is played in pairs. One participant is the “artist” and sits behind their partner. The artist is given a short list of simple items and shapes (i.e. heart, star, face, etc.) that they will then, using their finger, trace one at a time onto their partners back. The object is for the partner is to identify as many of the shapes as possible. Each drawing can be repeated only one time. This activity forces participants to pay careful attention and use visualization skills.
